Council Intelligence Report

Generated: 2/3/2026, 8:39:26 PM

Version: 2.0

Data Source: scout-data

Executive Summary

Total Opportunities: 20

High Impact: 9

Ready to Build: 5

Recommendations

1. Priority 1: Add missing feature as standalone tool

2.   - Addresses pain point: Unsure how to resolve `Missing field while writing result` error when using subscriptions

3. Watch trend: like (13 mentions)

4. Secondary trends: about (12 mentions), request (17 mentions)

5. Quick wins available: 5 high-impact, low-effort opportunities

6. Review opportunities in data/opportunities/latest.json

7. Set up alerts for new pain points

Detailed Analysis

Market Analysis

Based on scanning 25 repositories, we identified 105 distinct pain points.

Key Findings

• **High-impact opportunities**: 9

• **Low-effort builds**: 6

• **Emerging trends**: 10

Top Opportunities

1. Add missing feature as standalone tool

- Impact: HIGH
  - Effort: LOW

2. Tool to solve: fix(i18n): Make rest of the tools translatable and translate them to German
  - Impact: HIGH
  - Effort: LOW

3. Add missing feature as standalone tool
  - Impact: HIGH
  - Effort: LOW

Emerging Trends

- like (13 mentions)
- about (12 mentions)
- request (17 mentions)
- there (14 mentions)
- https (35 mentions)
- github (17 mentions)
- into (11 mentions)
- support (15 mentions)
- issue (22 mentions)
- using (20 mentions)
